GRANT AND PROPERTY.

Business revives under the new regime. Other than general causes have, however, given a tremendous impetus to the business of the county.

CRISTADORO'S EXCELOR HAIR DYE.

The chemists have come out in two leading scientific journals against the lead and silver poisons to the head (or that is their proper designation), with which the country is infested, while Dr. Chilton, the first analytical chemist in America, announces to the world that

CRISTADORO'S DYE IS UTTERLY POISONLESS.

And that he knows it to be so, because he has analyzed it. Cristadoro's Hair Preservative, as a Dressing, acts like a charm on the hair after dying. Try it.
